Longfields-Davidson Heights Secondary School (LDHSS) offers a comprehensive academic program that meets the needs of every type of student. The school has developed a safe, caring environment, that accepts and celebrates its diverse student population. The school is known for its strong, provincially ranked math program, as well as its outstanding music program. LDHSS staff consists of numerous award winning teachers, who have been recognized for their outstanding contributions to the school and its students. LDHSS offers students from grades 7-12 a strong and diverse educational experience.

About the Location: Ottawa is the capital of Canada. The city is full of culture, with world-class museums and art galleries displaying some of the world's most beautiful collections. The city is always buzzing with excitement, especially during its Winterlude celebration in February and the Canadian Tulip Festival in May. Ottawa has a unique location as it is an urban center with beautiful landscapes in the surrounding areas. On top of all of the amazing attractions the city has to offer, Ottawa is an incredibly welcoming community and a great city for international students to live.
