Whistler Secondary is a closely knit community of learners where students receive individualized attention from their teachers and strong support from their parents and community. In addition to working hard academically, students are encouraged to develop their unique talents and abilities by participating in self-directed after-school activities such as guitar bands, choir, musical theatre and dance. As a result, students not only receive a first-rate academic education, but also develop into well rounded citizens who are sensitive to the needs of their community and the world at large.
