St. Patrick's High School is located in the heart of Québec City. The school focuses on maintaining a learning environment that allows students to pursue excellence in education. The school also places an emphasis on building self-esteem and sense of belonging to the school community. These commitments have made St. Patrick's a leader in the implementation of the Québec Education Program. Students are offered a variety of elective choices, including IT courses, leadership courses and many other options. With these ideals in place, St. Patrick's High School is able to accomplish its educational mission.

**About the Location:** Québec City is known for having a European feel with its cobblestone streets and amazing river views.
